Xtreme XM™ Series - Versatile, Robust, and Modular

XM-1 Versatile

Max Count: 99 pcs.
Max Speed: 210 ft./min
Product Sizes: 2"W x 3"L - 12"W x 12"L*
Extremely reliable, consistent, and affordable. Great for one shot, triggerable, and on-demand applications. Includes batch counting, miss-detect features and simple-to-use push button controls for greater uptime.

XM-12 High-Speed

Max Count: 99,999 pcs.
Max Speed: 370 ft./min
Product Sizes: 2"W x 3"L - 12"W x 12"L*
Most Popular Seller! The robust, high-performing XM-12HS is the preferred workhorse for batch counting, on-demand, and other high-speed applications. Includes NEW Intuitive PLC Touchscreen Interface, Electro-Mechanical Double Detect, Time-Out, and Miss-Detect features.

Xtreme Ultra™ Series - Maximum Speed, Performance, and Output

XM-12 Ultra™

Max Count: 99,999 pcs.
Max Speed: 750 ft./min
Product Sizes:
2"W x 3"L - 12"W x 12"L

XM-20 Ultra™

Max Count: 99,999 pcs.
Max Speed: 750 ft./min
Product Sizes:
Max: 20"W x 12"L*

XM-30 Ultra™

Max Count: 99,999 pcs.
Max Speed: 750 ft./min
Product Sizes:
Max: 30"W x 12"L*

Introducing the NEW Xtreme Ultra™ Series Friction Feeders featuring the fastest SERVO fed motor technology on the market today! The Ultra™ Series is available in three sizes to accommodate products up to 12", 20", and 30" wide with max belts speeds of 750 ft./min. When speed and reliability are paramount, the Xtreme Ultra™ Series is the ultimate solution! Full intuitive PLC Touchscreen Control Interface, Electro-Mechanical Double Detect, Miss-Detect, Time-Out, and Continuous Mode.

MAXIM RX™ Series - Innovative, Economical, and Simple-to-Operate

MAXIM RX-9s Staging/Inserter Feeder

Max Speed: 400 ft./min
Product Sizes: 2.5"W x 3.5"L - 8.5"W x 6"L
Save time and money on your inserter! The RX-9s consistently and evenly stages product on inserters to reduce miss/double feeds and setup time.

MAXIM RX-12bc Batch Count Feeder

Max Speed: 400 ft./min
Product Sizes: 2.5"W x 3.5"L - 12"W x 12"L
Lowest cost batch count feeder on the market! Used to feed one to 99 pieces at a time. Great entry level solution for most counting applications.

MAXIM RX-12c Continuous Feeder

Max Speed: 400 ft./min
Product Sizes: 2.5"W x 3.5"L - 12"W x 12"L
Prepare to feed almost *anything* for ink-jet printing, labeling, and verification applications. Effortless setup at the lowest cost available!

MAXIM RX-12d Triggerable Feeder

Max Speed: 400 ft./min
Product Sizes: 2.5"W x 3.5"L - 12"W x 12"L
Most cost-effective solution for triggerable applications. Typically used for feeding one piece at a time onto other automated systems and on-demand from host systems.

* Optional extension is available for longer product sizes.
